

Cut-out Cops!

'Cut-out Cops!' are quite startling when placed in the entrance to any retail shop.

They are known to have an impact on shoplifting offences as they make persons aware that the Police are monitoring the store for crime.

Standard free-standing 'Cut-out Cops!' are made from durable 10mm thick Foamex and can be folded flat for transportation and storage. They only take seconds to assemble or pack away which means that they can be easily moved from store to store as required.

NSP are the specialist supplier of signs for any environmental, crime reduction or community safety issues.

Please contact us today for a no-obligation quotation.
